

Hi,

Nice catch! I've filed a bug based on your report.

The panel will evaluate it at the next VRP panel meeting and we'll update you once we've got more information. All you need to do now is wait. If you don't hear back from us in 2-3 weeks or have additional information about the vulnerability, let us know!

[REDACTED] Google Trust & Safety

I wanted to personally thank you for the VRP you filed regarding the Actions on Google platform. Your thoughtful work was reviewed and we've taken action on those findings -- including removing Actions with missing policies. Additionally, we will continually enhance our processes and technologies and will also be adding clarity to why some Actions are actually covered under Google's own policy, so there's no confusion.

If you would like to talk more about your findings, please don't hesitate to personally reach out to me, now or at any point in the future. On behalf of the entire Actions on Google Team, we truly appreciate your efforts and perspective.

Sincerely,

[REDACTED]
